NEW MEXICO BULLETIN NO. 430-9-02

SUBJECT: SOI – 2009 SOILS PLANNER

TO: All Offices

Purpose. To distribute the 2009 Soils Planner.

Expiration Date. December 31, 2009

We are please to announce the release of the 2009 Soil Planner. The theme of the planner for 2009 is the “Field Indicators of Hydric Soils in the United States”. This planner focuses on NRCS’ interagency efforts to produce a coordinated system of identifying wetland soil features. These common indicators will enable us to better protect our Nation’s wetland resource for the future.

The Soil Science Society of America, United States Environmental Protection Agency and U.S. Army Corps of Engineers have partnered with us in support of this planner. If you have any questions please email [chrishelle.jackson@nm.usda.gov](mailto:chrishelle.jackson@nm.usda.gov).

A handwritten signature in cursive script that reads "Dennis Alexander".
