AGRONOMY TECHNICAL NOTE NO. NM-55 (REVISION)

SUBJECT: ECS – Wind Erosion Prediction System (WEPS)

Purpose: To distribute revised information to area and field offices.

Effective Date: This notice is effective when received.

Filing Instructions: If a paper copy of this document is retained, please file it in the Technical Note binder, sequentially, in Title 190, Ecological Sciences, Agronomy section. Technical notes are accessible online at the NRCS New Mexico Technical Resources website:

<http://www.nm.nrcs.usda.gov/technical/tech-notes/agro.html>

Explanation: This updated Agronomy Technical Note #55 is our current wind erosion technology to be used by NRCS Staff and others involved in planning.

A handwritten signature in black ink, appearing to read "George Chavez", with a long horizontal flourish extending to the right.

GEORGE CHAVEZ
State Resource Conservationist
