ENGINEERING TECHNICAL NOTE NO. NM-1

SUBJECT: ECS – WATER HARVESTING FROM LOW-STANDARD RURAL ROADS.

Purpose: To distribute information to the field.

The attached publication is provided in order to assist NRCS employees and consultants. This was a Joint Publication of the Quivira Coalition, Zeedyk Ecological Consulting, LLC, The Rio Puerco Management Committee, Watershed Initiative, and the New Mexico Environmental Department – Surface Water Quality Bureau.

File the attached in the Engineering Tech Note section of your office reference library.

You may download additional copies from the Quivira Coalition web site:
http://quiviracoalition.org/Land_Health/Publications/index.html.
